DEFINITIONS

1. DEFINITIONS OF BYLAWS, POLICIES AND PROCEDURES

Reference: Charity Village

BY-LAWS

All organizations, as a requirement of incorporation, are required to establish by-laws in respect to specific matters. These are usually matters relating to the functioning of the board and its relationship to members.

The by-laws of the organization are those policies that cannot be adopted or changed without approval of the membership at a general meeting and any changes must be reported to the appropriate government department.

Under the BC Societies Act, Section 11 (1) lists the matters that non-profit society by-laws must address:

1. Membership in society
2. Society's directors (elections, roles, responsibilities: for GSS, this would be the GRC as well as Executive)
3. General meetings
4. Restrictions e.g. on activities or powers that the society may exercise

POLICIES

A non-profit board governs by establishing (governance/board level) policies.

A policy is any written statement approved by the board or by the membership that:

1. Articulates important objectives, principles, values, official positions and guides decisions,
2. Prescribes (or limits) what actions will be taken in different situations, and,
3. Defines roles, responsibilities and authority of organizational bodies (e.g. GRC, committees) and positions (Terms of Reference).

There are two different levels of policies:

1. Board/Governance – the purview of the members and the GRC/Executive – overarching policies.
2. Management/Operations – the purview of the Executive Director and staff team, with oversight by the Executive Board.

Policies can be deliberately vague/broad to allow for personnel changes, flexibility in practice etc.

PROCEDURES

Generally refers to a written statement approved by the relevant authority that:

- a) Defines an approach or set of steps to give effect to a policy, and
- b) Is consistent with its parent policy.

1. POLICY ON POLICIES AND PROCEDURES

POLICY STATEMENT/SUMMARY

Regarding its policies and procedures, the Society shall:

- Establish clear, empowering policies that are separate from procedures required to implement the policies,
- Consult with relevant stakeholders during the development of policies and procedures,
- Create a framework to ensure that policy and procedure development, approval and implementation are clearly assigned to the Society body or position with the best insight and knowledge to do the work,
- Ensure policies avoid contextual restrictions and codifying procedures within their text, with a goal that they be flexible enough not to require annual updates,
- Ensure all policies, existing and in development, uphold Society bylaws, collective agreements and applicable legislation, are consistent with other existing policies, and consider impact on future policies,
- Recognize that Society policies remain in effect unless they contain an expiry date, or their subject matter no longer exists, or they are rescinded by the approving body, and
- Commit to articulating policies and procedures in writing based on priorities and time and resources available, recognizing that in a small, non-profit organization with scarce resources, many policies and procedures remain unwritten.

2. STATEMENT OF VALUES

As stated in our Constitution, the commitments of the Graduate Students' Society (GSS) are:

- a. to represent the interests of the membership in a democratic manner in matters pertaining to education and the welfare of graduate students;
- b. to promote the principle and practice of graduate student representation at all levels of decision making at the University of Victoria and on all agencies or other bodies which deliberate on the affairs of graduate students;
- c. to promote cultural, intellectual, and recreational activities among the members; and
- d. to promote the academic and social welfare of its members through the provision of services.

The GSS' history reflects a strong commitment to advocacy and service for, of, and by its members. This Statement of Values, inspired by the organization's history, is intended to provide a set of aspirational values as behavioural guidelines for its Executive Board, Graduate Representative Council members, volunteers, and staff.

In carrying out our work, the GSS strives to promote those values in our Constitution, self-reflexivity, and intersectional and decolonizing approaches within the Society. We are committed to dedicating the necessary time, effort, and responsibility to ensure that this work is done.

In this vein, during GSS-related activities, its representative members, staff, and volunteers actively seek to:

- Recognize and value individual differences.
- Support and encourage each other throughout respectful disagreements and conversations.
- Consider the GSS as a part of wider sets of communities and contribute to these communities as such.
- Be cognizant that any inappropriate behaviour will reflect poorly on the GSS and remain accountable for engaging such behaviour(s) while representing the GSS in some capacity.
- Remain committed to promoting a safe, supportive, and consent-based learning environment.

This Statement of Values is to be understood as an expression of the organization's Constitution and is meant to supplement the GSS bylaws and policies.

5.12.2 Appeals must be submitted in written form.

5.12.7 If there is new evidence that was unavailable to the Electoral Officer when considering the original complaint, and the Electoral Appeals Committee determines that the new evidence could reasonably have affected the Electoral Officer's decision had it been available, the Electoral Appeals Committee shall return the matter to the Electoral Officer for a new decision.

5.12.8 The standard of review for decisions of the Electoral Officer is reasonableness.

5.12.9 Decisions of the Electoral Appeals Committee must be provided in written form and made public.

5.13 Invalidation of Election or Referendum Results

5.13.1 If the Electoral Officer determines, on a balance of probabilities, that significant misconduct or unfairness has occurred that undermines the integrity of the electoral process, the Electoral Officer may invalidate the results of the election or referendum.

5.13.2 The Electoral Officer must make all reasonable attempts to address the misconduct or unfairness by other means before resorting to invalidating election or referendum results.

7. UNIVERSITY AND EXTERNAL COMMITTEE REPRESENTATION POLICY

POLICY STATEMENT/SUMMARY

Representation of graduate students on University advisory and decision-making bodies is a fundamental principle of the Society as expressed in sections 2(a) and 2(b) of the Society's constitution. The Society also has representation on some external committees of relevance to graduate students. Society and graduate student representation on University and external committees shall reflect the following principles:

- Election of representatives to University and external committees is a democratic process conducted by Society governing bodies independent of the University.
 - Election of representatives shall be restricted to members of the Executive Board when knowledge of Society operations and policies is necessary.
 - Where an election is not restricted to Executive Board membership, reasonable efforts shall be made to recruit from the general graduate student population.
 - Representatives are expected to consult the Society's governing bodies and membership as appropriate to inform their work.
 - Representatives are accountable to the Society and its membership for their actions.
 - Society members are aware of the identity of representatives and are able to contact them.
-

DEFINITIONS

Committee means both a University committee and an external committee unless otherwise specified.

External committee means an advisory or decision-making body whose authority derives from an organization or agreement external to the Society, not including the University of Victoria.

PURPOSE/BACKGROUND

The purpose of this Policy is to provide direction on the election, duties and responsibilities and removal of committee representatives.

JURISDICTION/SCOPE

This Policy applies to all elections of representatives by the Society to UVic and external committees. This Policy does not apply to representation of graduate students in a particular program or academic unit on a University committee where the committee's terms of reference state that the representative(s) are to be elected only by students in the program or academic unit.

POLICY DETAILS

7.1.3 For committees not covered by section 7.1.2, the incumbent representative will be re-elected to the committee provided that the incumbent:

7.4 Duties and Responsibilities of Representatives

7.4.1 Representatives have the following duties and responsibilities:

- b) To consult with the Executive Board, Graduate Representative Council, Society members or specific constituencies as appropriate to the work of the committee, and
- c) To report to the Executive Board or Graduate Representative Council when requested to do so.

7.5 Removal of Representatives

7.5.1 A representative whose membership in the Society ceases is deemed to have resigned from the committee on the date their Society membership ceased.

7.5.3 The Executive Board may remove a representative for cause based on one or more of the following criteria:

- a) The representative has been found in dereliction of their duties,

14 WORK STUDY POLICY

POLICY STATEMENT/SUMMARY:

The GSS may apply for and hire staffing through the University of Victoria's Work Study program in order to support non-unionized work in the Society. In order to ensure that Work Study positions align with the GSS Annual Plan and comply with the Collective Agreement, both Labour Management Committee and the Executive Board shall have the opportunity to review Society applications to the University for the creation of Work Study positions.

DEFINITIONS

BCUWU means the British Columbia Union Workers Union, representing Society staff.

CUPE 951 means the union representing University Of Victoria employees.

Employer means the University for Work Study positions.

Supervisor means the supervising organization/person who submitted a request for Work Study hours and who will oversee the hiring, onboarding, and supervision of the Work Study position(s). The Supervisor of the Work Study positions in the Society shall be the Executive Director.

University means the University of Victoria.

Work Study Position means a job posted under and funded by the Work Study program at the University.

PURPOSE/BACKGROUND

The Society is committed to providing relevant, decent work with decent wages to Society members wherever possible. In order to create employment opportunities for members, the Society may apply for and hire Work Study hours through the University's Student Awards and Financial Aid (SAFA) program.

The creation of Work Study positions in the Society represents concrete action towards the Society's mission to provide support to and increase representation for graduate students at the University. These positions also allow the Society to reduce scope drift among staff, the Executive Board, and GRC Reps and increase the Society's capacity to achieve the goals set out in Society Annual Plans by increasing available work hours.

The purpose of this policy is to define the scope of Work Study positions the Society can apply for, record the location of agreements regarding Work Study positions that exist outside this policy, and define the process for applying for and supervising Work Study positions.

JURISDICTION/SCOPE

This policy applies to the Executive Board and Management staff.

POLICY STATEMENT DETAILS

Work Study positions are funded by the University, with supervisors able to add a top-up to hourly wages. The University is considered the employer for all Work Study positions. The organization hosting the position is considered the "supervisor."

Because Work Study positions are University positions, Work Study positions in the Society are not eligible to join BCUWU. CUPE 951 consults with the University on each position to determine its eligibility for CUPE 951. As of 2020, only clerical, technical, and childcare positions were considered CUPE 951 eligible.

22.1 Scope of Work

22.1.1 All Work Study position(s) and hours must not include work that is included in job descriptions of any BCUWU position in the Society.

22.1.2 Work Study positions shall only include discreet tasks not included in the normal operation of GSS services such as:

- a) Policy research for issues related to the Annual Plan
- b) Policy research for governance issues beyond the scope of the Officer Coordinator – Governance position, or
- c) Office assistance outside the scope of the Office Coordinator positions

22.2 Approval Process

22.2.1 The creation of new Work Study positions must be approved by the Executive Board and reviewed by the Labour Management Committee to ensure compliance with this policy.

15 REMOTE WORK POLICY

POLICY SUMMARY

The GSS recognizes that employees may carry out GSS work remotely due to a variety of circumstances, some of which may be externally induced (e.g. a public health emergency, road closures) or internally motivated (e.g. employee accommodation, family care obligations, etc.).

The GSS is committed to ensuring GSS standards for member engagement, member service, good governance, privacy and accountability are maintained regardless of where GSS work is conducted. The GSS is also committed to ensuring employee health, safety and benefits are upheld regardless of worksite.

When mutually agreed that an employee will use their own home to conduct GSS work, the employer and employee will complete a 'work at home agreement'. A basic agreement has been appended to this policy and is expected to be mutually modified as appropriate, keeping to the principles of this policy.

DEFINITIONS

This policy applies to employees whose designated work location is not at the Halpern Centre. This policy differentiates between remote work that may be a long term, vs. casual, reoccurring or temporary occurrences.

Remote working is a permanent or temporary agreement for employees to work from a non Halpern Centre location for at least 50% of their work time for an extended period (a minimum of 4 weeks). It is expected that CRA guidelines for employees to be eligible to claim 'work-from-home' expenses will be followed. A formal agreement signed by both management and the employee that includes remote work start dates and review dates of this agreement is required prior to the initiation of remote working.

Remote working requests will be considered based on the suitability of the job and employee for remote work and an evaluation of their supervisor's ability to manage remote workers. The employer commits to reviewing all submitted requests for remote work and assessing request fairly based on the above noted criteria. However, the employer maintains the right to deny requests within reason (e.g. where a fundamental part of the employee's role cannot be conducted effectively remotely.)

Working from home is when an employee conducts GSS work away from the Halpern Centre on a temporary or a recurring basis to accommodate personal situations such as parenting obligations or medical issue or due to organizational or productivity reasons (e.g. for regularly designated undistracted administrative work), or due to temporary emergency situations such as road closures. In these circumstances, CRA regulations may or may not apply.

PURPOSE/BACKGROUND

Prompted by the public health emergency and university closure in 2020, this policy was developed to provide clear guidance regarding the employee and organizational expectations and obligations when an employee is required to, or requests, to complete their GSS work using a personal location.

JURISDICTION/SCOPE

This policy applies to unionized office staff and managers. This policy does not apply to Food and Beverage Services staff.

DETAILS

Remote work or work from home may only be conducted in British Columbia. Out-of-province and international work is not permitted due to increased liabilities for insurance and payroll taxes.

Situations that may be considered for temporary off-site work (i.e. working from home):

- Safety concerns in arriving to and departing from the workplace (e.g. inclement weather)
- Employees who request to work remotely to support productivity.
- Employees who are primary caregivers.
- Employees with short-term/long-term disabilities or emergent medical situations may agree to longer periods of remote working with their manager and HR. However, supports for medical leave provided in the Collective Agreement or the Management Benefit Booklet remain accessible to all employees. Employees are encouraged to take their sick time.

Situations which may be considered for a longer-term or permanent off-site work (i.e. remote work):

- Medical accommodation
- Personal extenuating circumstances

Employees who wish to work remotely must submit a request in writing to their supervisor/Executive Director. Employees will be selected based on the suitability of their jobs, an evaluation of the likelihood of their being successful remote workers, and an evaluation of their supervisor's ability to manage remote workers. All remote workers must sign an agreement prior to initiating remote work. Performance and productivity concerns that cannot be resolved through performance management may result in the revocation of remote work arrangements.

See appended document 'example remote work agreement'.

Equity of access:

In order to ensure all GSS staff have access to work from home days, the following provisions are required when establishing an off-site work agreement:

- a) Sufficient in-office staffing will be deemed to be a minimum of two office staff for the duration of opening hours
- b) Staff with duties which must be performed in person (e.g. front desk coverage, POS entry, events facilitation, etc.) shall not be eligible for working from home arrangements on days which require on-site work. Staff with medical accommodations may have these duties temporarily re-assigned as part of a formal, written accommodation plan.
- c) All staff requests for regularly schedules work from home days (e.g. one day per month for administrative work) for the purposes of improving efficiencies shall be reviewed semestery to ensure that all staff have equitable access to remote working hours and that employee performance remains satisfactory.
- d) Remote work agreements related to medical accommodation or personal extenuating circumstances shall take priority over working from home requests. However, staff members with long-term

remote work agreements shall receive lower priority for work-from-home days in order to allow staff who work primarily in-office to access off-site working hours.

REMOTE WORK POLICY APPENDIX: EXAMPLE REMOTE WORK AGREEMENT

GSS Managers and Employees may work remotely on a permanent or temporary basis.

This agreement outlines unique responsibilities of a remote employee, as well as the responsibilities of the GSS organization to support and compensate the employee for using their personal home/space/property to conduct GSS business.

EMPLOYEE OBLIGATIONS

To ensure that employee performance will not suffer in remote work arrangements, remote employees are required to:

- Check in/out via instant messenger at the beginning/end of every shift as per WorkSafe BC working alone guidelines.
- Maintain their off-site workspace in a safe condition, free from hazards and other dangers to the employee or equipment. This may include signing a liability waiver stating that accidents or injuries caused by the home environment that are not an essential part of their GSS role shall be ineligible for WorkSafe BC compensation.
- Keep any GSS materials in the designated work area at home and in a manner compliant with applicable privacy legislation or regulation.
- Be available by virtual communications during working hours.
- Choose a quiet and distraction-free working space.
- Be willing to have a superior internet connection and reasonable office equipment installed in their homes. Employees requiring an upgrade to their internet connection to support remote work arrangements should consult with their Managers.
- Dedicate their full attention to their job duties during working hours.
- Adhere to break and attendance schedules agreed upon with their supervisor as per their collective agreement or contract.
- Ensure their schedules overlap with those of their team members for as long as is necessary to complete their job duties effectively.
- Not use their personal home or cell phones for GSS work. CiscoJabber shall be used in place of home/cell phones.
- Employees on off-site working arrangements shall be subject to regular reviews of their productivity and compliance with off-site working requirements to ensure the GSS services and operations run smoothly.

Failure to comply with the above may result in the revocation of a remote work agreement and progressive discipline as outlined in the Collective Agreement.

COMPLIANCE WITH POLICIES

All employees must follow GSS policies in conducting their work.

EQUIPMENT AND SECURITY

The GSS will provide all employees working off-site with equipment, software, and office supplies that are essential to job duties. The GSS will arrange for technical support to ensure the safe installation and maintenance of the equipment.

Employees on a remote work arrangement shall discuss their furnishing and ergonomic needs with management as part of the formation of their remote work agreement. The GSS retains the right to consider the financial implications of supporting remote work sites as part of their decision making for remote work arrangements.

Equipment provided is the property of the GSS. Employees must keep it safe and avoid any misuse. Specifically, employees must:

- Keep their equipment password protected.
- Store equipment in a safe and clean space when not in use.
- Follow all data encryption, protection standards and settings.
- Refrain from downloading suspicious, unauthorized or illegal software.

GSS OBLIGATIONS TO EMPLOYEES

With a remote work agreement the GSS will provide the employee with the appropriate CRA form to be able to claim for 'work-in-home' expenses after the employee has been remote working for 4 weeks.

Office supplies will be reimbursed only if the expenses received prior approval from Management. A loaner laptop or other short-term use equipment may be provided when available. Loaner computers will vary in performance and configuration. All GSS equipment must be returned upon request.

COMPENSATION AND BENEFITS

Compensation and benefits are determined by the Collective Agreement (or individual employee contracts for Management) are not altered by a remote working agreement. Management will provide any needed documentation for taxable benefits for remote working arrangements in line with the CRA requirements. However, the company will not provide tax guidance nor will the company assume any additional tax liabilities. Employees are encouraged to consult with a qualified tax professional to discuss tax implications of working from home.

INSURANCE AND LIABILITY PROTECTION

The GSS will provide adequate personal and equipment insurance and liability protection for any employee conducting work from their own home.

The employee's remote workspace will be considered an extension of the company's workspace. Therefore, the company will continue to be liable for job-related accidents that occur in the employee's remote workspace while the employee is conducting work.

The company will be liable for injuries or illnesses that occur while the employee is conducting GSS work and during the employee's agreed upon work hours. The employee's at-home work hours will conform to a

schedule agreed upon by the employee and their supervisor. If such a schedule has not been agreed upon, the employee's work hours will be assumed to be the same as before the employee began remote working.

The company assumes no liability for injuries occurring in the employee's remote workspace outside the agreed upon work hours or where the employee is not conducting GSS work.

The company is not liable for loss, destruction, or injury that may occur in or to the employee's home. This includes family members, visitors, or others that may become injured within or around the employee's home.

The Executive Director will discuss insurance needs with employees. Employees may have to take up homeowner's insurance to cover the cost of company equipment and workplace liability and will be compensated accordingly.

16 RECORDS AND ARCHIVING POLICY

February 2020 Review Status: MAJOR REVISIONS REQUIRED

PURPOSE

This policy provides guidelines regarding the keeping and archiving of GSS records.

RECORDS AND ARCHIVE PRACTICE

Current GSS records and records for the preceding 2 years shall be kept in GSS offices. Copies of all official GSS correspondence shall be kept on file, and backups of electronic data and work shall occur on a regular basis. Materials may be archived on a periodic basis, and arrangements may be made with the Uvic Library to act as a depository.

PUBLIC/PRIVATE NATURE OF RECORDS

The GSS shall comply with all applicable legislation regarding freedom of information and protection of privacy. Protection of privacy is particularly relevant for employees (including contracts) and membership in the health and dental plan. Given the University's expertise regarding these issues, the GSS may consult with the University regarding these issues as needed.

Public documents, minutes, and related materials shall be generally available to the membership on a public basis, except for in-camera and/or confidential discussions. Discretion may be used with respect to other records depending on their nature, and alternative options include providing summaries in lieu and/or charging for extensive work/materials. While the general overarching principles of transparency and responsibility to the membership exist, mitigating factors to consider include personal privacy, GSS security, harm to negotiations, solicitor-client privilege, legal requirements, relevancy of drafts/prior negotiations, and work involved in reproducing detailed information if it is not of a direct personal nature. Direction may be sought from the Executive Board, and all disclosure decisions may be appealed to the Executive Board.

17 BUDGET PLANNING AND FISCAL POLICY

February 2020 Review Status: UNDER MAJOR REVIEW

PURPOSE

Although the annual budget is ultimately approved by the membership at a General Meeting, the Executive Director, Director of Finance, and Executive Board are ultimately responsible for preparing and submitting the budget and revisions to the membership and in accordance with the bylaws. This policy provides guidelines regarding the budget planning processes as well as general budget principles.

OVERARCHING PRINCIPLES

The budget shall be prepared using the following overarching principles:

- Estimates of on-going revenues and expenditures will be based on an examination of actuals from the previous fiscal year, in particular, membership fee revenues will be based on previous fiscal year revenues
- Attempt to obtain estimates for potential enrollment and major expenses from suppliers
- Budgeting shall be done on a break-even or better basis depending on the nature of the fund
- A contingency amount should be set aside on an annual basis for unexpected issues that may occur.

PRIORITIES FOR ALLOCATION OF EXISTING AND NEW REVENUE

Existing funding and new ongoing revenue shall be budgeted in the following priority:

- Existing and ongoing contractual and bylaw obligations (employee, building maintenance, etc.)
- Other priorities as determined (e.g. service supplement, new services, new employee positions, etc.)
- In expectation of contract negotiations (e.g. employee, facilities) during the fiscal year, additional funds shall be set aside in contingency to cover any anticipated increases in costs

FEES FOR THE UNIVERSAL BUS PASS, CONSTITUENCY GROUPS

These fees shall not be part of the budget process as the net revenue shall be automatically remitted to the appropriate organizations.

FEE INCREASES

Updated Graduate Representative Council November 27, 2012.

In order to counteract the effect of inflation on the buying power of the GSS Core Fees, the membership authorized the General Meeting to increase core fees on annual basis using the Consumer price index.

The GSS will use BC Annual Average index.

The increased amount shall become the base amount for potential increases next year.

The increase shall be effective May 1, 2004 (i.e. all three terms during the fiscal year).

Fee increases outside of CPI shall take effect in accordance with the appropriate referendum.

CAPITAL ITEMS

Given the timing of the budget, changing capital needs and priorities, and the fact that most capital purchases occur over the summer, the budget should never authorize specific items to ensure flexibility. Rather, the budget shall authorize a total amount (including a contingency) that the Executive Board may use towards the capital needs of the fiscal year. A tentative capital plan for at least the fiscal year should be provided for justification and as a guide for the Executive Board, but it should not be formally approved to preserve flexibility.

FUND ACCOUNTING

Amended by Executive Board March 23, 2010

The GSS has several funds to run various and specific aspects of its operations. Funds are expected to stand alone, and moneys cannot be transferred between funds except in exceptional circumstances. Each fund is outlined below along with its expectations.

Operating Fund – This fund carries most of the day-to-day services associated with the GSS. Revenue is mainly from membership fees and various services (e.g. ads, room bookings, etc.). It is normally budgeted on a break-even basis.

Health and Dental Fund – This fund carries all of the revenue and expenses associated with the Health and Dental Plan, including administration. It bears a proportionate share of the costs associated with the GSS General Office (employee and overhead). It is normally budgeted on a break-even basis, and a consideration is always the fact that the Health and Dental year is different than the GSS fiscal year (Sept-Aug v. Apr-Mar). The Health and Dental budget may thus be budgeted on a slightly different fiscal year.

Food and Beverage Fund – This fund carries all of the revenue and costs associated with the restaurant operation in the Grad Centre. It is expected to bear a proportionate share of the building costs, and it is expected to operate on a modest profit basis. Net profits and losses are to be retained in the fund to ensure stability and avoid GSS dependence on variable profit to provide core services.

Capital Fund – This fund carries all of the revenue and expenses associated with the capital of the GSS, excluding building expansion. Capital replacement should be ongoing and in accordance with GSS capital needs and plans. Break-even analysis is not applicable here as some funds may be needed more in one year than another, and the audited statements show existing capital assets on a depreciating rather than cash-flow basis.

Building Fund – This fund shall be only for major renovations and additions to the Grad Centre. Ongoing expenses should never be removed from this fund, and substantial surpluses in other funds should be transferred for potential long-term use. The GSS should examine long-term investment advice/management for this fund with a view towards minimizing risk of members' moneys versus potential long-term returns.

Employee Leave and Emergency Hire Fund - This fund shall be used to cover extraordinary employee benefits, such as maternity leave, sick leave, or emergency hires. Surpluses in the Operating and Food and Beverage Funds will be used to replenish this fund annually.

FISCAL UPDATES AND BUDGET AMENDMENTS

Financial statements shall be produced and compared to the budget on an ongoing basis to determine progress during the fiscal year. Minor reallocations may take place in accordance with the bylaws, and major budget amendments may be submitted to a General Meeting if necessary.

PAYMENTS AND SIGNING AUTHORITY

Approved by the Executive Board 2006-05-20

No cheques or payments shall be issued without provision of an original receipt; and

With the Exception of automated payroll, online payments of any kind from GSS accounts are prohibited; and

Amended by the Executive Board 2006-11-30

The signers on the GSS Operating, Health and Dental, Capital and Rainy Day Building Fund accounts at the Greater Victoria Savings Credit Union will be the Executive Director, the Director of Finance, and the GSS Chair, and there will be two signatures required on all cheques.

The signers on the GSS Food and Beverage Account at the Royal Bank will be the Executive Director, the Director of Finance, and the GSS Chair, and there will be two signatures required on all cheques.

INVESTMENT IN SECURE FUNDS ONLY

Approved by the Executive Board 2006-05-20

All GSS investment will be made in only Guaranteed Interest Certificates (GIC)'s in order to eliminate risk in financial investment.

GSS POLICIES AND TERMS OF REFERENCE: FUND MANAGEMENT

1 BUILDING FUND POLICY

PURPOSE

Although the Society has a number of distinct funds for various purposes, it recognizes the need for an emergency fund to deal with extraordinary emergencies. In addition, the Society recognizes the need to build funds for future building/space expansion in light of increased graduate student enrollment. The Rainy Day and Building Fund fulfills these specific purposes, and this policy provides terms of reference regarding this fund.

ADDITIONS/TRANSFERS TO THE FUND

Monies may be added/transferred to the fund by the following methods:

- a. Ordinary budget resolution and/or other expenditure resolutions in accordance with the constitution and bylaws; or
- b. Reallocation of a portion of the GSS Core Membership Fees in accordance with the Constitution and Bylaws.
- c. Levying additional GSS Core Membership Fees through the use of referendum (e.g. Building Fee).

If GSS Core Membership Fees directly contribute to the fund, CPI increases shall apply to these fees pursuant to the referendum approved in March 2003.

The following monies shall be automatically added/transferred to the fund:

- a. Excluding the value of assets, renovations, or other purchased improvements, the end of fiscal year fund balance (i.e. as of March 31) for the Capital Fund shall be adjusted so that the end of fiscal year fund balance for the Capital Fund does not exceed \$100,000;
- b. The end of fiscal year fund balances (i.e. as of March 31) for all other funds shall be adjusted so that each end of year fund balance does not exceed \$200,000; and

All of these ceilings are stated in 2010 dollars, and the ceilings shall be adjusted annually by CPI.

EXPENDITURES/TRANSFERS FROM THE FUND

Proposed expenditures/transfers shall include a plan to repay the fund except in the case of building/space expansion, and the Society shall endeavor to follow the plan.

Monies may be expended/transferred from the fund using the following methods:

- a. Referendum; or
- b. Ordinary resolution of a General Meeting, and such a resolution shall not be considered a budget resolution for quorum purposes given the specific nature of the fund.

INTEREST/INVESTMENT OF FUND

Interest/returns accrued by the fund shall be retained/reinvested within the fund. As the Operating Fund is currently dependent on this interest, this shall be implemented on a phased-in basis as the Operating Fund becomes self-sufficient.

2 EMPLOYEE LEAVE AND EMERGENCY HIRE FUND TERMS OF REFERENCE

February 2020 Review Status: N/A

PURPOSE

The Society aims to be an excellent employer and provide benefits for permanent staff, including maternity, paternity, illness and bereavement leave. Because such leaves are extraordinary in nature, and happen irregularly, it makes sense to budget to pay for these expenses over several years by the establishment of a fund, rather than exceed the budget in the year in which they occur. For this reason, at the October 2009 Annual General Meeting the membership directed the GSS to create an emergency fund to cover employee leaves and the expense of hiring replacement staff related to those leaves.

ADDITIONS/TRANSFERS TO THE FUND

The fund is created by a one time transfer of \$10,000 from the GSS Operating Fund as at March 31, 2009.

Additional funds may be incrementally added to the fund as part of the ordinary budget process.

Normally, \$1000 will be added incrementally to the fund annually and this expense will be distributed between the funds paying staff salaries as follows:

- a. Food and Beverage Fund: \$250
- b. Operating Fund: \$500
- c. Health and Dental Fund: \$250

From time to time the Executive Board may recommend more funds be added or that less funds or no funds be allocated as the core fund has reached an acceptable amount to cover.

APPROVAL OF EXPENSES PAID FROM THE FUND

The Executive Board will allocate the funds on an as needed bases and in accordance with permanent employee benefits policy and the Collective Agreement.

Sick leave covered will not include sick days taken but may include emergency hires during sick days as may be required during busier times of the GSS operational year, such as September.

INTEREST/INVESTMENT OF FUND

The funds may be invested in short term GICs at the discretion of the Executive Board.

Interest/returns accrued by the fund shall be retained/reinvested within the fund. As the Operating Fund is currently dependent on this interest, this shall be implemented on a phased-in basis as the Operating Fund becomes self-sufficient.

A member may not appeal a decision of the Appeals Committee based solely on a disagreement with the result of the decision.

KIM referenced the briefing note "Appeal of an Appeal" which was put together by KIM, WYATT, and CHAPPEL after consulting with the Ombudsperson. The Ombudsperson's recommendations, included that:

- The first Appeal decision should never be considered final. The Ombudsperson suggested that the majority of people who appeal do not realize what information is pertinent until they receive the letter of rejection.
- Students who want to more about the process should be sent to the Ombudsperson's Office, or someone else who is independent, who can help prepare documents for a second Appeal.
- That the Ombudsperson's contact information be provided on the appeal forms.
- The appellant consistently receive feedback on the results and rationale of the Appeal Committee.
- The student appellant be given the criteria as to when an appeal of the Appeal Committee's decision would be accepted e.g. if the decision was biased.
- If new information or evidence comes to light, it should be considered a new Appeal, not an appeal of the first decision.

2. LABOUR MANAGEMENT COMMITTEE

Revised, Approved by LMC April 30, 2021

First Iteration 2019

Introduction

This document outlines the protocols mutually agreed to by the GSS Management and GSS Bargaining Unit Employees for the establishment and operation of the Labour-Management Committee (LMC) required under Article 8.01 of the *GSS Collective Agreement*.

8.01 LABOUR MANAGEMENT

- a) *The Parties shall establish a Labour-Management Committee, composed of no more than two (2) representatives of the Union, and no more than two (2) representatives of the Employer. Employee membership and participation in Labour Management meetings will vary depending on the topics under discussion, and at the discretion of the Union.*
- b) *The Committee shall meet at the request of either party for the purpose of discussing issues relating to the workplace and/or the administration of the Collective Agreement. The time and place of meetings shall be at the convenience of both parties. However, the Parties agree that the*

Committee shall meet a minimum of three (3) times per year unless both Parties mutually agree to waive this minimum.

c) The procedures of the Labour Management Committee are described in the Labour Management Committee Terms of Reference. These Terms of Reference shall be developed, approved, and amended by agreement of both parties.

d) The Union will have the right at any time to have the assistance of representatives of BC UWU or any other advisors to the Union when dealing or negotiating with the Employer.

e) The Employer will have the right at any time to have the assistance of legal counsel or other advisors to the Employer when dealing with the Union.

f) Employees representing the Union will have the right to attend meetings between the Employer and the Union held within working hours without loss of pay.

These terms of reference may be amended from time to time at any regular or special meeting of the LMC. All LMC, sub-committee or working group members will adhere to them.

Purpose of the LMC

The purpose of the LMC is to provide a forum for meaningful consultation between employer and bargaining unit representatives where information can be exchanged and views and advice on workplace issues obtained.

Principles

Consultation is a process for seeking and providing information and advice, exchanging views, and discussing issues, with the parties appropriate to addressing or resolving issues, in an atmosphere of mutual respect and trust. To be effective, the process must be based on an honest and open commitment, by both parties, to the sharing of information and to listening to each other's opinions, observations, and recommendations, prior to decisions being taken.

For clarification, this means that the parties are committed to full disclosure, at the earliest possible opportunity and to the maximum extent possible, of actions, or contemplated actions, with the view of ascertaining the full implications on the legitimate interests of the other party, and to resolving any problems identified. Further, the parties agree to work together in anticipation of outside decisions, influences, and trends that may impact the work or work environment of those they represent.

Scope/Tasks

Issues for the Labour-Management Committee will include, but are not limited to:

- Reviewing job descriptions
- Job performance evaluation criteria and procedures
- Hiring and exit interview procedures
- Confirming the bargaining unit's membership, probation and seniority lists
- Developing training and workplace education opportunities
- Consultation on development of policy and procedures that affect employees
- Informal discussion of collective workplace concerns, suggestions (not individual grievances)
- Follow up on implementation of general clauses of the Collective Agreement e.g. new employee welcome package, bulletin boards
- Keeping a record of housekeeping items to edit/update in future Collective Agreements

In the event that either party receives information that the workplace may be affected by labour/solidarity action, an emergency LMC meeting will be convened within 1 day of receiving the information to determine the advisability of maintaining operations of the GSS.

Decision Making Authority

The LMC meetings do not usurp the authority of the Collective Agreement, nor are they authorized to resolve grievances. The LMC is a consultation, communication, and recommendation committee.

The parties agree to refer pertinent discussion/decisions to applicable joint committees and/or other levels of consultation when they are better suited to deal with issues arising.

Immunity to speak freely: Representatives have the right to consult with their constituents and express their opinions on items under consultation without fear or risk of reprisal.

Once consultation is complete, the parties agree that where recommendations are agreed at the LMC, the representatives will support such recommendations fully and completely when reporting to and working with those individuals and groups that they represent.

The LMC will seek to operate on a consensual basis whenever possible. Where all avenues for consensus have been exhausted and issues remain, the LMC will note in its official record any issues that require referral to another committee or resource for further action or any points of disagreement.

In the event of a serious dispute, or the inability for committee members to reach agreement on the interpretation of these Terms of Reference or on key issues that might impede the progress of the work of the LMC, the committee may decide to call upon a third party to mediate and settle the dispute.

Composition and Structure

The LMC will be structured as per the Collective Agreement, with the exception of increasing the number of potential voting representatives for both Labour and Management to 3.

Meetings will not be held unless each party has two representatives present, unless in exceptional circumstances, and that this right is expressly waived and noted in the minutes.

Sub-committees and/or working groups may be established, by mutual agreement, to study particular topics or issues in detail.

For the GSS Bargaining Unit, one representative will be the Bargaining Unit Chair, and the other two representatives will be confirmed by its members during its Union Days meetings. The Bargaining Unit reserves the right to rotate one or both of the additional positions between differing employment 'units' within GSS, or between members depending on availability.

For Management, one representative will be the Executive Director or their designate; one representative will be the Director of Personnel; and the Executive Board will assign the other representative to a Board member or management personnel.

Meeting Location, Time and Costs

LMC meetings will be scheduled at a mutually agreed upon standardized date and time, at least once per month, at the GSS Grad Centre. Should no agenda items be submitted 48 hours before the scheduled meeting, the meeting will be considered cancelled.

Additional meetings may be scheduled should urgent matters requiring consultation arise. A meeting must be held within 10 days of being requested by either party.

Seminars may also be organised to allow for broader consultation and dialogue.

Committee representatives will be protected against any loss of regular pay due to preparation for, and attendance at, the meetings.

The parties agree to allocate adequate time and resources to ensure follow-up of commitments made at or between LMC meetings. Where, in extraordinary circumstances, committee members are unable to meet their commitment(s), they should undertake the responsibility of informing their co-representative to assist with delegating the task.

Rotating Chair/Facilitator

At the first LMC meeting a schedule will be created to assign a rotation of the month's Chair/Facilitator between management and bargaining unit representatives.

The Chair/Facilitator will be responsible for ensuring all employees are aware of the topics to be discussed at each upcoming meeting and that all staff have access to the official record of the meeting.

Agendas and Relevant Materials

LMC members are responsible for posting agenda items in a shared folder on the GSS Z drive and/or Connect drive. Any agenda item that requires review of written documentation (e.g. job descriptions, proposed policies) or support materials must be posted at least 7 days in advance of a scheduled meeting. All active union members must have access to the list of agenda items for each LMC meeting.

The party submitting agenda items will ensure any relevant information is available to all LMC members e.g. technical reports, statistics, financial reports, surveys, manuals, directives etc.

At the start of each meeting, the priority of agenda items will be determined by consensus. Items not dealt with will be carried over to the next LMC meeting. Items not on the agenda may be discussed at the meeting with the approval of the parties.

Official Record of the Meeting

Management and bargaining unit representatives will take it in turn to record topics discussed at LMC meetings and any joint agreements or recommendations. This record of the meeting will be prepared within 48 hours of the meeting and circulated to attending LMC members for edit and/or approval. The goal is to have the meeting record/minutes posted for all employees on Union bulletin boards and/or distributed via email within 7 days of the LMC meeting.

Terms of Reference Agreement

The parties agree that from this day forward, they will respect the principles, guidelines and agreements herein during the course of their work together on the Labour-Management Committee, and that these Terms of Reference will be reviewed in full before the end of May 2022.

These terms of reference were approved on April 30th, 2021.

Signed on behalf of the parties:
